Madison Technologies

Dear Mr Smith

Main Roads WA approval for Madison Technologies Portable Traffic Signals

I refer to your submission seeking Main Roads WA approval for the use of the Madison Technologies Portable Traffic Signals in Western Australia.

Main Roads WA has assessed the product, and considers the product suitable and can be used on Western Australian roads subject to the following conditions:

1. The Madison Technologies Portable Traffic Signals must comply with the Queensland Department of Transport and Main Roads Specification MRT264 Type 1 Portable Traffic Signals
2. Main Roads WA approval is obtained whenever the signals are used on a state road;
3. Approval is obtained from the relevant local government authority whenever the signals are used on a local government road;
4. Main Roads WA must be notified of any safety issue relating to the use of the product;
5. Main Roads WA must be notified of any changes to the product including its design and use.

If you require any further information, please contact Gareth Peers on telephone 9323 4619 or email gareth.peers@mainroads.wa.gov.au

Yours sincerely

Brendon Wiseman
Road Safety Policy Manager
